

COVID -19 Control Measures

SEDA Activate Events and Activations

- Clean and disinfect frequently used high-touch surfaces such as inflatables at regular intervals throughout the day with a detergent solution and / or disinfectant wipes.
- Clean and disinfect frequently used objects such as sports equipment with detergent solution or detergent/disinfectant wipes after every program / event.
- SEDA Activate Staff must always wash hands with soap and water or use a hand sanitiser before each interaction with participants.
- Where possible, adapting activities that lead to mixing between classes and years.
- Where possible, avoiding close-proximity queuing and encouraging increased space between students, for example, by placing markings on the floor.
- Encouraging participants to maintain 1.5m distance when entering or leaving sessions.
- Ensuring event space is well ventilated and avoid over-crowding.
- SEDA Activate assumes host schools do not allow participants presenting flu-like symptoms to take part in any programs.
- In the event of a confirmed case of coronavirus (COVID-19) in a school within 14 days of a SEDA Activate school program being delivered , all further school programs will immediately cease while contact tracing is undertaken, on the advice of the DHHS.
